

Community Cats Birthday Party

DO YOU LIKE CATS? ARE YOU HAVING A BIRTHDAY PARTY?

Here's how your birthday party can help Perth County's homeless *Community Cats**

When you invite friends to your party, tell them that instead of a gift this year, you would like them to bring a donation to **Feline Friends Network** to help in the care of Perth County's homeless cats.

On the day of your party you will receive a card and Feline Friends Network T-shirt or toque, and everyone at the party will be able to take home a photo and story of one of the cats their donation will be helping.

To learn more, contact FFN at **519-273-8067**, or visit us online at **felinefriends.ca**.

**Community Cats are those lost or abandoned cats and their kittens that are too "feral" (wild) to be adopted into a home. These cats live in colonies with other cats wherever they can find food. It is a very hard life, especially if they aren't spayed or neutered and must keep on having kittens.*

Feline Friends Network is a volunteer group that helps these cats and our community by getting them spayed or neutered, vaccinated to keep them healthy, and makes sure they have shelter and are fed every day.
