**Your thoughtfulness goes a long way in helping to reduce cat overpopulation in our area. Each life respected...and protected.**

A Tarot Fundraising party is easy to organize...and a great time with friends. We have included a step by step guide here to help you in your planning. If you have any questions please contact us anytime.

## **How it works:**

You host a party for your family and friends, provide the munchies and drinks, and a private spot for readings. Pat Burnell will read cards for eight of your guests for a minimum donation of \$15 each to FFN. While your guests take turns having their reading, you and the rest of the party have a great time catching up –and maybe even share with each other what your cards had to say!

**Pick a date:** Get in contact with FFN's Pat Burnell to check on available dates for your party. Then email, call or mail your guests to invite them to the party!

**Invite:** Put together a list of possible guests with a goal of 8 people for readings. Be sure to tell your guests that the party is a fundraiser for Feline Friends! Let them know that the 15 minute readings are available for a minimum donation of \$15. Not all your friends will want a reading, some may just want to join the party and donate to a great cause!

**Choose the menu:** You know your guests best! Pick a few easy munchies, and have some drinks on hand. If you would like party appetizer suggestions and recipes check the tarot party recipes link on our website under events.

**Set up:** You will need a private spot in your home for the readings, away from the noise and fun of the rest of the party. A card table and 2 chairs is all the space that is needed. Set the mood with some candles, and low lighting!

**Feline Friends Network:** If you would like a FFN member to join your party to speak a little about Feline Friends, and answer any questions your guests may have we would be happy to join you. Just let us know you would like someone there!
